Eric,

Attached below is a motion we want to have a Rule 16 on it. It is to include CD 1, amongst the other Council Districts, to be exempted from the escooter program.

Is it ok with you?

Hi Mel,

There might be a bit of a misunderstanding. No CDs are excluded from the 1-year pilot. Those other districts were only excluded from the conditional permits.

Having a uniform set of citywide rules was a policy priority for T-Comte and is central to the rules approved by full Council. LADOT has been working with individual CDs to address local concerns, such as developing no sidewalk riding signage at the request of CD5 and working on a comprehensive parking program in DTLA with CD14. I would recommend that your office work with LADOT directly to address your concerns about implementation in your district. At this point in time, any changes to the program regulations would need to be vetted through committee.

Thanks,

-Eric

Out of concern and courtesy, we are sending this motion to committee. It has been seconded by Smith and Huizar, two of the excluded conditional permit participants, with O'Farrell letting us know that he has some thoughts on this motion. We would like to request that this motion is scheduled in your next Committee meeting. Please advise.
